On December 20, 2011, deputies responded to 2301 Pomeroy Ave in reference to a residential burglary in progress. Once deputies arrived on scene, they were able to successfully take Kenneth Sorrells, Kendall Sorrells, and Danielle Frasca into custody without incident. These three suspects were in the process of stealing copper from the air conditioning system at that residence. Detectives were able to interview the three suspects and connect Danielle Frasca and Kenneth Sorrells to at least seven (7) other air conditioner thefts throughout the Spring Hill area.

All of the homes that were targeted were all vacant, and some were in foreclosure. Danielle and Kenneth have also admitted to scrapping the stolen copper for money in both Hernando and Pasco County. At this time the investigation indicates that Kendall was only involved in the Pomeroy attempted burglary and the attempted grand theft (2011-44061). Detectives will continue their investigation into recent air conditioner thefts to see if any more thefts are connected to these suspects.
