**From:** Michael Terry  
Community Relations Specialist, 352-797-3608

**Re:** Health Risks Associated with Mold

**Date:** September 7, 2016

---

#### **To Protect Against Health Risks Associated with Mold:**

- Remove standing water from your home or office.
- Remove wet materials.
- If mold growth has already occurred, carefully remove or clean the moldy material.
- Consider using personal protective equipment when cleaning or removing mold – gloves, goggles and an N-95 particle respirator (found at most local hardware stores). Check with a health care provider before wearing a respirator. Do not use a respirator if you have heart disease or chronic lung disease such as asthma or emphysema.
- Individuals with known mold allergies or asthma should not clean or remove moldy materials.

#### **The Office of Sheriff:**

The Office of the Sheriff is established by the Florida Constitution. As a constitutional officer, the Sheriff has the exclusive authority to administer his or her agency and is responsible for preserving the peace throughout the entire county, carrying out the laws of the state, the orders of Florida courts, and the ordinances of the Board of County Commissioners. The Sheriff is the chief law enforcement and correctional officer of the county.

Sheriff Al Nienhuis was initially appointed as the Sheriff of Hernando County by the Governor in January of 2011. He was then elected by the people of Hernando County in 2012, and remains accountable to them.
