

Hernando County EMERGENCY OPERATIONS CENTER Alert Form

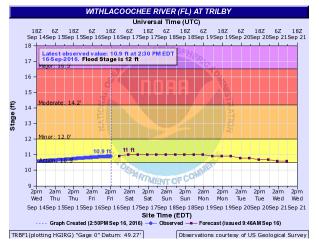

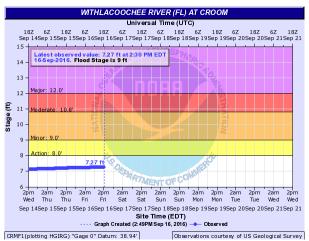

EVENT	Withlacoochee River Alert	
DATE	16 September 2016	
TIME	3:45 PM	
REPORT #	3	

	EOC LEVEL OF ACTIVATION	
	1/ FULL	
	2/ PARTIAL	
X	3/ MONITORING	

The Withlacoochee River at Trilby is currently in **action stage.** The river level is expected to rise slowly but is not expected to reach minor flood stage over the weekend. Although there is uncertainty as to how much the river will rise, residents along the river are urged to stay informed, review emergency plans, and be prepared to take action to protect personal property.

As of Friday, September 16, 2016 at 2:30 p.m., the Withlacoochee River at Trilby is 10.9 feet; minor flood stage is 12 feet. The Withlacoochee River at Croom is 7.27 feet; action stage is 8 feet.

Residents who live in low lying areas are encouraged to monitor the river levels closely, and to consider making preparations to protect their property. A limited supply of sand bags will be available for "Self Service" at the Ridge Manor Community Center located at 34240 Cortez Blvd. Dade City, FL 33523 during daylight hours. Please bring your own shovel to use. If needed, sand and sandbags may be purchased at local home improvement stores.

Additional information is available in the Hernando County Flood Handbook on our webpage at: http://www.hernandosheriff.org/em/publications/PDF/FloodHandbook.pdf

Hernando County EMERGENCY OPERATIONS CENTER

STEP OF THE PARTY OF THE PARTY

Alert Form

The stage which, when reached by a rising stream, represents the level where the National Weather Service or a partner/user needs to take some type of mitigation action in preparation for possible significant hydrologic activity. **Residents in and around the areas of Lacoochee,**Talisman Estates, Riverdale, and River Height Estates are urged to prepare for possible action.

MINOR FLOOD STAGE

Minor flooding is defined to have minimal or no property damage, but possibly some public threat. This includes water over banks and in yards, moving personal property in low lying areas to higher locations, water overtopping roads but not very deep or fast flowing, and water in campgrounds or bike paths. Minor flood stage at Trilby is 12 feet; Croom is 9 feet. Residents in and around the areas of Lacoochee, Talisman Estates, Riverdale, and River Height Estates will experience flooding when the river reaches these levels.

RECOMMENDED ACTIONS

- Residents are urged to actively monitor local news media or the National Weather Service for the latest weather update.
- Monitor for additional alerts from the Emergency Operations Center at http://www.hernandosheriff.org/em/Applications/EMPressReleases/Default.aspx
- Residents living in low lying, flood-prone areas should consider which protective actions
 may be necessary to protect life and property, and prepare to implement those actions
 if the river continues to rise.
- Be prepared to move to higher ground.
- Residents who need assistance should contact the Emergency Operations Center.

Contact the Emergency Operations Center at 352-754-4083 with questions during normal business hours of 8:00 a.m. to 5:00 p.m.
