Re: Several Juveniles Charged with Rioting at Brooksville Youth Academy – 2024-00212553

Date: July 29, 2024

On 07-28-24 just after 11 a.m., Hernando County Sheriff's deputies, along with Hernando County Fire Rescue were dispatched to the Brooksville Youth Academy, located at 201 Culbreath Road in Brooksville in regard to dozens of juveniles fighting.

It should be noted, the Brooksville Youth Academy, a private company, provides residential treatment programs for male youth, ages 13 – 17, who have mental health and behavioral needs that require temporary care in a structured, supportive, and therapeutic setting. Some juveniles are court-ordered to reside at the facility, while others are voluntary. The facility houses approximately 50 juveniles (total) in the five dormitories on the property.

The caller, a staff member at the facility, stated that "dozens of juveniles" were fighting in one or more of the dormitories and in the courtyard. Staff members attempted to intervene; however, were unsuccessful in breaking up all fights between the juveniles.

Nearby deputies from the Pasco County Sheriff's Office and Troopers with the Florida Highway Patrol were made aware of the incident, and responded to assist Hernando County Sheriff's Office deputies.

Upon arrival, deputies began helping staff re-establish order and tended to injured juveniles and staff members. All juveniles were separated and interviewed by detectives.

Investigation revealed that as one group of juveniles was being escorted back to their dormitory, through the courtyard, juveniles from other dormitories began fighting at that location and within one or more of the dormitories on the property.

During, and immediately following the disturbance, staff members confiscated several improvised weapons from some of the juveniles involved. Deputies later collected the evidence from staff members.

The following individuals were transported to local hospitals:

- **Juvenile** – Bruised eye and lower lip
- **Juvenile** – Lacerations to both hands (punched a window)
