Hernando County Sheriff's Office

Proposed
Annual Budget
Fiscal Year 2019 - 2020

-SHERIFF— Al Nienhuis

Hernando County Sheriff's Office

May 30, 2019

Honorable Chairman and Board Members Hernando County Board of County Commissioners 20 North Main Street, Room 460 Brooksville, FL 34601

Dear Chairman and Commissioners:

Enclosed you will find my budget request for Fiscal Year 2019-2020, submitted in compliance with Florida Statute 30.49. These proposed expenditures are reasonable and necessary for the proper and efficient operation of the office for the next fiscal year.

Let me begin by reiterating that the Sheriff's Office has a very thorough budget planning process that accurately identifies the needs of our agency. This internal process also mandates prioritization, as well as using alternate funding sources whenever possible. We take this approach very seriously and work hard to ensure that only legitimate needs are presented, especially in light of the current budget difficulties facing the Board of County Commissioners (BOCC). We recognize the challenge of balancing many competing interests with limited resources, and we strive to never impose unrealistic expectations on Commissioners. The demands of providing around-the-clock law enforcement, detention, and dispatching services require that we not only act as good stewards of public monies but also we advocate regarding the challenges and needs associated with providing these vital public services. Providing such services in a growing county simply can't be done without ongoing additional investment.

To underscore our desire to be part of the solution to current budget issues, during the past year the Sheriff's Office absorbed the County's share of the cost of adding mandated school resource officers (SROs) to our county's charter schools. We also found other funding sources to pay for the substantial capital costs related to the funding of the additional SROs, an additional bailiff required by Court Administration, and the marine deputy requested by the BOCC. These positions that were funded for a partial year in FY2019 will need to be funded in full in the upcoming budget and into the future Additionally, our efforts to minimize costs and increase efficiency are seen in some other operational highlights from the past fiscal year:

- Inmate labor continues to save the County and our citizens substantial tax dollars. Jail inmates were involved in a variety of community maintenance, construction, and clean-up projects during the year. Last fiscal year, inmates provided nearly 103,000 hours of labor, worth at least \$849,000 to taxpayers.
- Project Restart uses the Inmate Welfare Fund to provide job skill training for prerelease inmates at the Hernando County Detention Center. Since inception in April of 2017, 126 inmates have participated in the program. Of the 111 who have been released, 61 have obtained employment and only 11 have returned to jail. On a related note, a new GED program for inmates just began in May.

• In addition to the above, the Sheriff's Office continues to operate the jail in a very costeffective manner. To illustrate, a private vendor recently submitted a proposal to operate
jail medical services. In short, we are able to provide comprehensive services for <u>over a million dollars less</u> than the vendor's proposal! I might also add that in the past year we have been able to fund hundreds of thousands of dollars of jail staffing and repairs <u>without any cost to local taxpayers</u> through the federal inmate and Pasco inmate revenue programs. I am including a copy of the current 4-year jail maintenance and improvement plan that utilizes this valuable revenue source for your information.

It is worth noting that we currently fund approximately 77 of our current Sheriff's Office positions from other funding sources outside of the general fund, further lessening the burden on our taxpayers. This equates to 13% of our full time employee costs.

Based on the aforementioned highlights I hope it is apparent that my staff and I are doing our part to control costs and help share the burden of budget limitations. Nonetheless, the Hernando County Sheriff's Office must address legitimate needs and be prepared for future challenges in the protection and service of the County's citizens. It would be nothing less than reckless for me to ignore these current and looming necessities. Therefore, let me highlight some of my budget needs for the next fiscal year.

Like County operations, the Sheriff's Office must deal with several mandated cost increases and, since a much higher number of HCSO employees are paid from the general fund, this alone results in a much larger percentage budget increase than similar BOCC operations. For instance, required employer contributions for retirement and worker's compensation are increasing by over \$200,000 and despite our relatively low claims, professional liability insurance rates are increasing by 7%.

The Sheriff's Office maintains a large and important vehicle fleet and is still striving to catch up on the replacement of many high-mileage vehicles. It is vital that our deputies have safe and dependable vehicles to respond to calls for service. These and other capital needs such as computers, radios, and in-car cameras must continue to be a priority. We simply can't afford to neglect these needs for even a year. Just like the BOCC, these items allow us to do our jobs and do them more efficiently. These requirements equate to less than a 1% increase.

Regarding staffing, as was shared with Commissioners in recent years, data shows that the Hernando County Sheriff's Office is both extremely cost effective and staffed at a lower level than many other counties. It is also clear that Hernando County is growing, and those additional houses, businesses, and residents put an additional strain on the Sheriff's Office services. Due to the current financial difficulties facing the BOCC, I am <u>not</u> seeking an increase in Patrol manpower at the present time; however, I must reserve the right to re-address those needs in the near future, especially if revenue projections prove low and additional funding becomes available. It would be a prudent investment for our mutual constituents if you were to consider devoting some resources to this need. My current request does include half-year funding for an additional major case detective to investigate crimes against persons, as well as four less-expensive civilian positions to provide increased support services (three of which are also partial-year funding).

Lastly, to continue to attract and retain the best employees in a very competitive market, we must continue to emphasize the human resources of the Sheriff's Office. My budget proposal includes a 2.5% cost-of-living increase for the Sheriff's Office employees and a one-step increase on the employee's anniversary date, as well as increased funding for our insurance benefits. The size and manner in which these increases are implemented should be especially attractive to you.

I would like to remind you that my budget must now reflect that the school resource officer and City of Brooksville contracts have been moved back into the general fund due to your action on the FY2019 mid-year adjustment where the HCSO Contract Fund was closed on the Board's side.

I hope you will see that just like with fire and emergency medical services, law enforcement, detention, and dispatch services are at the core of a tranquil and desirable community and must be funded at a level that is reasonable when compared to similar sized counties. I, as always, welcome questions and discussion surrounding our budget needs and stand ready to work together with you through this budgeting process in the furtherance of our mutual responsibilities to the citizens of Hernando County.

I thank you in advance for your support.

Respectfully,

Al Nienhuis

Sheriff

| Net Impact after Revenues are applied | \$ 49,421,268 | \$ 52,202,776 | \$ 2,781,508 | 5.63% |

Law Enforcement:

The Law Enforcement budget funds the majority of important functions like Patrol; specialty units such as K9, SWAT, Traffic, Aviation, Marine, and SEU; Major Case and Vice detectives; Civil and Warrants; school resource officers, school crossing guards, and Animal Enforcement. It also includes support functions such as Forensic Science, Crime Analysis, Property & Evidence, Professional Standards, crime prevention and media relations. The Law Enforcement budget also funds important administrative support operations like Finance, Human Resources, Information Technology and countywide dispatch services. Revenues are collected from various contracts and a few miscellaneous sources. The revenues collected by the Sheriff's Office help reduce the amount of budget monies needed from taxpayers.

Hernando County Sheriff's Office Budget Fiscal Year 2019 - 2020 Summary of Net General Fund Support

Detention:

The Detention budget includes the costs of operating and managing the Hernando County Detention Center. The functions include Booking, Classification, Housing, in-house medical services, transportation, and administration. Revenues include a work squad contract with the County for inmate labor. Several revenue sources help reduce the budget impact on taxpayers. These include the collection of reimbursements for inmate medical services, garnishment of inmate social security benefits during incarceration, and charging processing fees and subsistence fees to those able to pay. Other revenue sources described elsewhere in this document also help fund jail operations and maintenance and lessen the burden on taxpayers.

Hernando County Sheriff's Office 800 Mhz Fund FY2019 - 2020

This budget derives its resources from lease payments for space leased on the County's primary tower site, fees assessed to each radio user department for maintenance contract costs, and a \$12.50 fee included in each fine paid for a traffic citation. The 800 MHz system is maintained to provide radio communications for all public safety and County radio users.
